

Wing Commander Mike Moroney is part of the Jericho Disruptive Innovation team and the Artificial Intelligence and Data Science lead for Air Force Headquarters.

Mike has spent over 21 years in the Royal Australian Air Force and completed numerous postings and deployments in support of capabilities including the E-7A Wedgetail, the AP-3C Orion and the C-130J Hercules aircraft. Since 2019, Mike has been operationalising emerging digital technologies for Defence such as Artificial Intelligence and Additive Manufacturing in programs including Augmented Aviation Asset Intelligence, Next Generation Acquisition and Sustain and Jericho Disruptive Innovation (his current role).
