

Associate Professor Belinda Chiera

**Deputy Director Industrial AI Research Centre
University of South Australia (UniSA)**

Associate Professor Belinda is Deputy Director of the UniSA Industrial AI Research Centre, the Australian Chair of the Technical Advisory Panel for the Defence AI Research Network and is an adjunct faculty member at Johns Hopkins University.

She has over 25 years' experience working with Defence, Government and Industry, including US Homeland Security, on military and intelligence applications, utilising data analytics for modelling, decision-making and visualisation.

She has led multi-stakeholder projects for Defence and Government, as well as working as a consultant for state Government. Her areas of expertise include pattern recognition, anomaly detection, latent information analytics, social network analysis, human -in-the-loop simulation, data visualisation and causality behaviour modelling for data -driven narratives.
